

PAIN POINTS & SOLUTIONS

- Industrial operations demand nonstop productivity — Columbia vehicles deliver reliable performance shift after shift.
- Safety is critical in fast-moving environments — Purpose-built designs keep operators safe and comfortable.
- Downtime is costly — Rugged builds and easy maintenance keep fleets in motion.

CORE APPLICATIONS

- Move people across large facilities
- Tow heavy loads with ease
- Carry tools, materials, and cargo where forklifts can't go

PRODUCT HIGHLIGHTS

- Purpose-built for industrial demands
- Exceptional towing and payload capacity
- Compact design for tight aisles and workspaces

MAXIMIZE YOUR PRODUCTIVITY WHILE REDUCING COSTS

From Fortune 500 facilities to local manufacturers, Columbia helps industry leaders maximize productivity while reducing costs.

Upgrade your facility's efficiency with Columbia vehicles.

HELPING INDUSTRIAL FACILITIES NATIONWIDE

Industrial facilities nationwide trust Columbia vehicles for quiet, dependable service that keeps the job running efficiently.

BUILT TO OUTWORK, OUTLAST AND OUTPERFORM

- From our 16-acre, 160,000-square-foot facility in Aiken, S.C., Columbia designs and builds electric vehicles that serve government, higher education, industrial, rentals and resorts and hospitality.
- As part of the Nordic Group of Companies, a family-owned American business founded in 1947, Columbia combines decades of manufacturing expertise with a relentless focus on performance, sustainability and partnership.
- Every vehicle features an all-steel chassis and corrosion-resistant construction for unmatched durability.
- 100% electric powertrains cut emissions and lower operating costs.
- Configurable beds, seating and enclosures deliver best-in-class versatility.
- Smart, efficient performance powers every move, tow and carry application.
- Columbia backs every model with over 75 years of electric vehicle expertise and nationwide dealer support.
