

CHALLENGES SOLVED EXPERIENCES ELEVATED

- Guest satisfaction depends on smooth operations: Columbia vehicles deliver people, equipment, luggage and housekeeping supplies without disturbing the atmosphere.
- Resorts need vehicles that last season after season: Purpose-built durability lowers downtime and maintenance costs.
- Sustainability is now a guest expectation: 100% electric fleets reduce emissions and support your green initiatives.

CORE APPLICATIONS

- Move staff and guests across property
- Housekeeping and food-service
- Carry people, luggage, supplies and equipment

PRODUCT HIGHLIGHTS

- Quiet, eco-friendly performance
- Customizable cargo and towing solutions
- Proven reliability in demanding hospitality settings

LIFESTYLE FLEET: WHERE LUXURY MEETS UTILITY

Tomberlin's luxury low-speed electric vehicles offer resort guests, gated communities and campus visitors a refined experience with street-legal confidence and eco-friendly electric power.

TRUSTED BY RESORTS NATIONWIDE

Resorts nationwide trust Columbia vehicles for quiet, dependable service that keeps guests focused on their stay, not on operations.

BUILT TO OUTWORK, OUTLAST AND OUTPERFORM

- From our 16-acre, 160,000-square-foot facility in Aiken, S.C., Columbia designs and builds electric vehicles that serve government, higher education, industrial, rentals and resorts and hospitality.
- As part of the Nordic Group of Companies, a family-owned American business founded in 1947, Columbia combines decades of manufacturing expertise with a relentless focus on performance, sustainability and partnership.
- Every vehicle features an all-steel chassis and corrosion-resistant construction for unmatched durability.
- 100% electric powertrains cut emissions and lower operating costs.
- Configurable beds, seating and enclosures deliver best-in-class versatility.
- Smart, efficient performance powers every move, tow and carry application.
- Columbia backs every model with over 75 years of electric vehicle expertise and nationwide dealer support.
